“esempio e azione per fare opinione”

Dear Ron and Christine ,

it is with deep emotion and great warm friendship that the Rotary Club of Naples , through me , would like to welcome back to Naples. your presence moves us and we would like to be able to express to you all the joy for your return and all the excitement that accompanies the memory of the ugly adventure you lived in our city. Naples is known worldwide for the songs , the joy of life, the beauty of the land , sincere hospitality and friendship that the Neapolitans express to all foreigners who come to visit them. Plays through to you is touched , unfortunately, to be the witnesses of another violent Naples , bad and evil that we do not want to accept even in our thoughts. Forgive and continue to love each other as if you want us there . The next Tuesday, April 8 , the day of our club meetings, we will raise our glasses for a toast to you and your Birkenhead Rotary Club of health, friendship and peace .

A big hug
